Living Word Family Church
Eight Mile Plains, Brisbane

1st & 2nd November 2013

About WOFCFA

Word of Faith Churches® Australia has been established to promote identity both at a local and at a national level for churches and ministries. Identity does not mean control. It means a knowing of importance and realisation. *Word of Faith Churches® Australia* wants you to know how important you are to the Body of Christ. We are endeavouring to show that its churches and ministries are equal together in all we do and say. This is accomplished as we continue to reach out to each other in Grace and Truth. It's important that we understand that God's value system is one of unmerited favour. Jesus said it is this way that "they would know us by our love that we have for each other". This is what drives *Word of Faith Churches® Australia*.

Speakers

Blessings! I stand amazed at how quickly time passes with its external pressure it places on all humanity to achieve things by a prescribed date! I have found in this busy world in which we live that God always has a way for us to escape. He is not caught out by sudden world events. Sometimes we get knocked off our course and then we fight to get ourselves back on our passage which we have mapped out. This year, Geraldine and I have pastored for 30 years. We look back at some of the sudden events to remember those times of temptations, trials and victories. Now don't misunderstand me – we don't dwell there. Paul said to remember the former times like this. We don't dwell there – we remember that it was His Grace that caused the immovable belief that all things work together for good. Paul found that to be true and with humility of heart, this is what our family has stood on for these 30 years in ministry. He always causes us to triumph in Him. Paul said there is a rest for the people of God and this rest is Jesus and the Gospel of Grace that Paul so vehemently defended. Our 7th Annual Conference is here and we would love to see you!

Your friend in Christ!
